

Single phase industrial vacuum cleaners

ONE32 & ONE33 - ONE62 & ONE63 ONE102 & ONE103

ONE103 WITH FIXED NOZZLE

Single phase industrial vacuum cleaners suitable for general cleaning in industrial environments and premises, like machine shops, car washes and where it is necessary a powerful and efficient machine.

Practical and easy to handle, all models are equipped with:

- Single phase independent motors
- Star filter Ø460 with 12 pockets and big surface
- Practical cleaning of the filter by means of a manual filter shaker
- Vacuum-meter with indication how the filter is clogged
- Waste container of 39, 65 and 100 litres, on wheels and easy to be removed thanks to a release handle
- Quick inlet Ø70 for an easy coupling of the accessories
- Accessory basket
- Strong frame in painted steel
- Revolving wheels with brake

MODEL	DESCRIPTION
ONE32	Single phase vacuum 2500W -2 motors -39 L.
ONE32X1	Waste container in stainless steel AISI 304
ONE32X2	Waste container and filter chamber in stainless steel AISI 304
ONE33	Single phase vacuum 3750W -3 motors - 39 L.
ONE33X1	Waste container in stainless steel AISI 304
ONE33X2	Waste container and filter chamber in stainless steel AISI 304
ONE62	Single phase vacuum 2500W -2 motors -65 L.
ONE62X1	Waste container in stainless steel AISI 304
ONE62X2	Waste container and filter chamber in stainless steel AISI 304
ONE63	Single phase vacuum 3750W -3 motors - 65 L.
ONE63X1	Waste container in stainless steel AISI 304
ONE63X2	Waste container and filter chamber in stainless steel AISI 304
ONE102	Single phase vacuum 2500W -2 motors -100 L.
ONE102X1	Waste container in stainless steel AISI 304
ONE102X2	Waste container and filter chamber in stainless steel AISI 304
ONE103	Single phase vacuum 3750W -3 motors - 100 L.
ONE103X1	Waste container in stainless steel AISI 304
ONE103X2	Waste container and filter chamber in stainless steel AISI 304
